

FY 2013 Grant and Loan Application Workshops

The Washington Department of Ecology (Ecology) is holding workshops to provide information about the state's combined water quality grant and loan funding cycle and to review the FY 2013 application for the following funding sources:

- Washington State Water Pollution Control Revolving Fund.
- Centennial Clean Water Program.
- Federal Clean Water Act Section 319 Nonpoint Source Fund.

If you attend, you will get the most up-to-date information on the funding cycle and how to apply. You may speak with the experts from Ecology and get answers to questions you may have about applying for funding.

Workshop schedule

- 9 a.m. - 9:45 a.m. Program overview and information on what's new for this funding cycle.
- 10 a.m.-1 p.m. Break-out sessions for facilities projects and activities projects. Includes an overview of the application, discussion of each application question and scoring, and hardship information for facilities projects. (No lunch provided.)

Who can apply for funding?

Public entities, local governments, municipalities, and nonprofit organizations interested in applying for grant and loan money for projects that improve and protect Washington's water quality.

What are eligible project types?

Wastewater treatment ~ Stormwater facilities and activities ~ Nonpoint source pollution remediation ~ On-site septic repair and replacement.
