

Local Government/Community Satisfaction Report Form

E-Cycle Washington Program

Beginning in 2009, free recycling services for computers, monitors, and TVs were provided through a single plan, called the Standard Plan, operated by the Washington Materials Management & Financing Authority (WMMFA). Additional items have also been added to the program.

Local governments and communities are encouraged to annually provide the Department of Ecology with feedback on how the E-Cycle Washington program is working in their jurisdiction. Please answer the questions below and send the completed form to Christine.Haun@ecy.wa.gov by **March 1st**.
